Krungthai Bank changes the domain name of the official website from ktb.co.th to krungthai.com, which conveys the identity and uniqueness of Krungthai Bank distinctively. The new look of the website under this well-recognized name – easy to remember and capable of facilitating extensive transactions – is ready to welcome all users to boundlessly access to financial information with modern and user-friendly interface design and being compatible with all devices.

krungthai.com has 3 prominent features. 1. Modern Design: the new design will suit the customers’ lifestyles and highlight our products and services. 2. Easy access to information: via newly-added menu, the users will experience digital convenience directly on the website homepage. To respond to customer needs and fulfill financial and economic knowledge, the “Financial Partner” menu is categorized into 3 topics: Financial Literacy, Digital Tips and Krungthai Compass providing several economic analysis articles. In addition, a calculator tool for home loans and personal loans is provided for easy financial planning on the Bank’s website. Customers can leave their message for the Bank to contact them for further information. 3. Anytime Anywhere: krungthai.com is compatible with all devices: computers, smartphones and tablets.

krungthai.com has launched from February 19 onwards.
